Bancroft Geology

From a Spiritual Science Perspective

The geology of Bancroft region will be the general theme of this conference, including hands-on geological field activities, lectures and discussions about Goethean observation, spiritual-scientific insights into the earth's geology and related topics observation exercises, plus a visit to the RockHound Gemboree.

An artistic activity will enhance the experience.

Background Text: The Mutual Evolution of Earth and Humanity: Sketch of a Geology and Paleontology of the Living Earth by Dankmar Bosse (Amazon.com & SteinerBooks)
